Log in remotely using my.che.org
Select the SEPA- UptoDate link
You can enter a search string or if you want to receive CME credit for your search, Log In with your UpToDate username and password.

Please Note: Once the upgrade to Windows 7 is complete we will implement changes to facilitate single sign on. What this means for you is that once you Log In to with your UpToDate username and password you will not need to Log In again when accessing UpToDate remotely. Watch for the announcement!
Note the CME credits at the top and your name at the bottom.
